

TRINITY'S NEW SECURITY MEASURES

In order to help keep our Trinity Church family safe, the building entry doors are now kept locked except for when our Security Team Watchmen are on duty – Sunday mornings and Wednesday evenings. You can gain entry by either using your Trinity-issued electronic key fob at any time or by using our newly-installed door intercom system during business hours.

For those attending practices, meetings, small groups, or other events at Trinity, the person in charge will make sure there is someone to open the door for group members prior to the usual starting time. So please plan on arriving a few minutes before that time, if you are able. If you must arrive late, please make arrangements with your group leader.

If you are in need of a key fob, please contact the church office. We thank you all for your cooperation with this new way of doing things at Trinity Church.
