This allows both parties a chance to connect and prepare for a more successful school year.

****Children must meet this age restriction in order to attend the selected class.** Children will not be permitted into a class if they do not meet this age requirement. As the standards/expectations for children in primary school have increased exponentially over the past few years, we believe these dates can be in the best interest of the children.

Please contact Celeste Jenkins with any questions or for help in selecting the best class.
Once a child is registered, you can change their class selection as long as there is an opening.
